

## MAKING INTERIORS SMELL AS GOOD AS THEY LOOK

### Aromatise Living Space

Addressing all the senses.

Have you ever entered a space and instantly felt at home, or quite the opposite, uncomfortable or anxious?

The reason why is not always an evidence, be it the colours, the lighting, the furniture or perish the thought.. the SMELL! A badly aligned interior may have you longing for more or running for the door.

As science will tell you, smells create an immediate psychological impact, they trigger our memories and emotions, which in turn control our reactions.

Improving your quality of life is about enabling the hidden potential in everything. This is the Aromatise ambition.

Aromatise Fragrance Diffusion Technology believe in the art of aligning those senses, with the help of the often forgotten sense of smell.

***"It is amazing what a good scent can do. Aromatise has put a smile on our guests faces."***

*Eveline, Amala Spa Hyatt*
